Re: Grant No. 1606

Dear Dr. Lowy:

We are pleased to inform you that The Council for Tobacco Research has approved a grant of two thousand dollars ($2,000) toward support of the research conference on "Mechanisms of Carcinogenesis" which is being organized under the auspices of the FASEB, to be held at The Vermont Academy in Saxton's River, Vermont, from July 24 to 29, 1983.

We understand that these funds will be used for travel expenses and meeting fees for invited speakers. No part is to be used for support of any conference participant from private industry.

A statement of The Council's general policy with respect to support of conferences is enclosed.

We are confident that this conference will make a substantial contribution to the advancement of research in this field.

Sincerely yours,

Robert C. Hockett

Robert C. Hockett, Ph.D.
